

Name: _____

Date: _____

Picture Grid Division with Remainders

Grade 7 Division

Directions: Look at each picture grid. Divide the objects into the number of groups shown by the divisor. Write the quotient and the remainder.

1

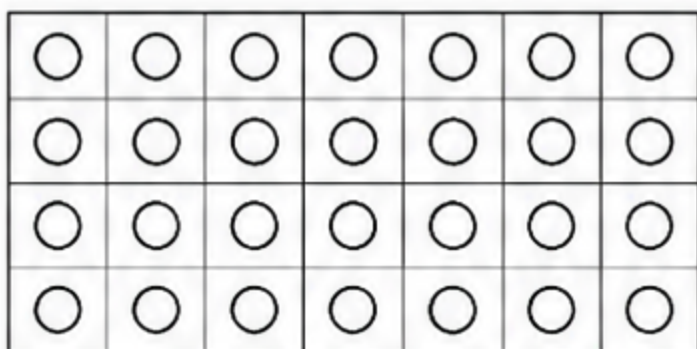

$21 \div 4 = \underline{\quad} R \underline{\quad}$

Quotient (groups): _____

Remainder (left over): _____

2

$24 \div 5 = \underline{\quad} R \underline{\quad}$

Quotient (groups): _____

Remainder (left over): _____

3

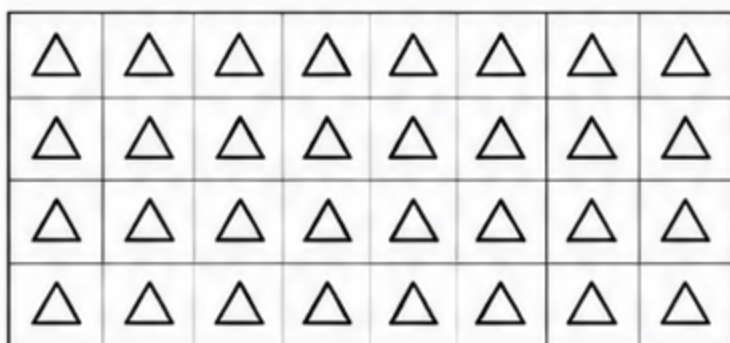

$23 \div 6 = \underline{\quad} R \underline{\quad}$

Quotient (groups): _____

Remainder (left over): _____

4

$28 \div 8 = \underline{\quad} R \underline{\quad}$

Quotient (groups): _____

Remainder (left over): _____

5

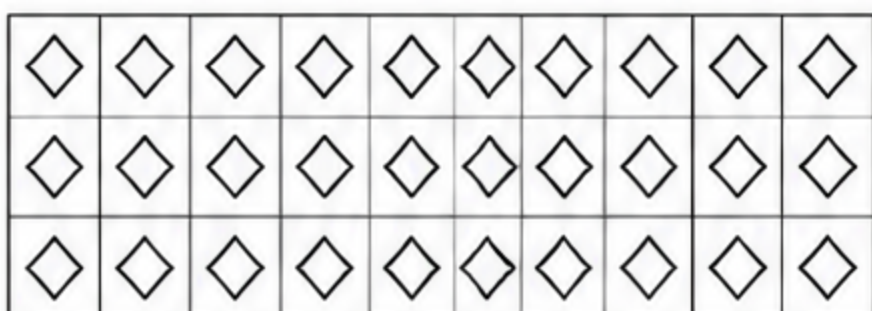

$27 \div 7 = \underline{\quad} R \underline{\quad}$

Quotient (groups): _____

Remainder (left over): _____

6

$35 \div 9 = \underline{\quad} R \underline{\quad}$

Quotient (groups): _____

Remainder (left over): _____
