

Name: _____

Date: _____

Picture Division: Equal Groups

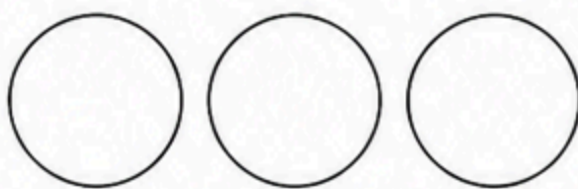

Divide the objects into equal groups.
Write the division equation.

Grade 4

Look at each picture. Divide the objects into the number of groups shown.
Then write a division equation that matches.

1.

Divide into 3 equal groups.

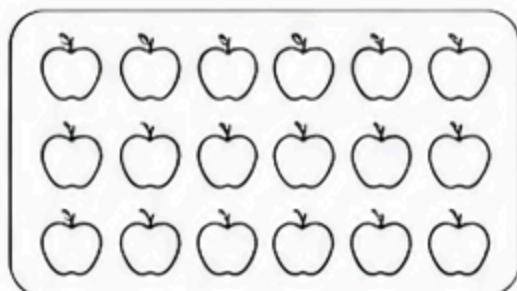

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

2.

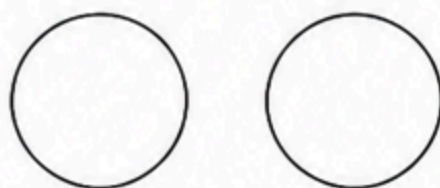

Divide into 5 equal groups.

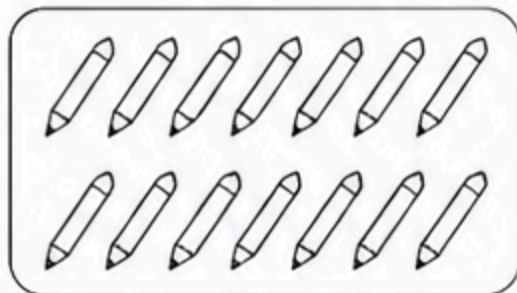

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

3.

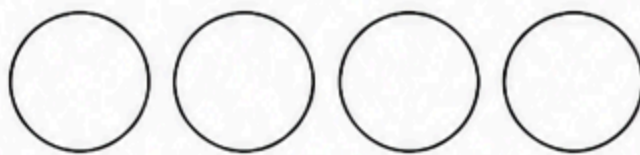

Divide into 2 equal groups.

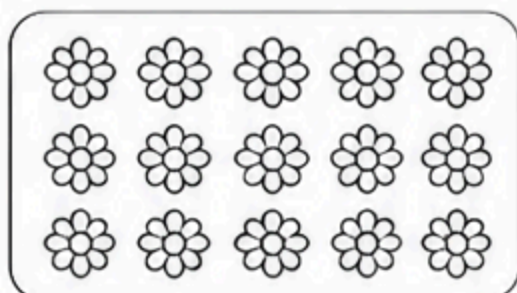

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

4.

Divide into 4 equal groups.

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

5.

Divide into 5 equal groups.

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$

6.

Divide into 6 equal groups.

$$\underline{\quad} \div \underline{\quad} = \underline{\quad}$$
